Experience   About 9 YEARS

Facebook   JUL 2020 — Present
Product Designer

Enterprise Engineering (EE) organization is shipping **people-centric enterprise solutions** that transform and accelerate **Facebook's business**. Our mission is to find, grow, and support people's growth through timely feedback and fair assessments.

Facebook   JUL 2020 — Present
Product Design Intern   **3 months**

Shipped a **live project for the billion+ users** with conceptual ideas by contributing to high-level strategic decisions. And turn them into new features useful and valuable to **build an inclusion culture** at Facebook Inc. in Menlo Park, CA

Hyperconnect   MAY 2017 — JUN 2018
Senior UX Designer   **1 year**

Directed user experience and interface design for a **mobile video chat application** from scratch in 4 months as an initial design member of XFN to grow worldwide cultural understanding via web real-time communication (WebRTC).

LINE   APR 2014 — MAR 2017
Mid Senior UX, UI Designer   **3 years**

Implemented a **new prototype of LINE Group Call**, which saw a 130% usage growth in LINE messenger. And executed **LINE messenger's Siri Kit** of iOS 10 for WWDC 2016, arranged prototypes, and facilitated tests at Apple Inc., in Cupertino, CA

NAVER   JAN 2011 — MAR 2014
UI Designer   — **4 years**

Conducted innovative experiences of **E-commerce platform**, and conceptual rapid prototypes for a mobile memo application in iOS, Android and Web App preferences.

Freelance Visual Designer   JAN 2010 — MAR 2011
                                                 1 year
